ADVISORY | Middle East – Strait of Hormuz and Bab El Mandeb Security Transits

Dear valued Customer,

Considering the evolving security situation in the Middle East and the restrictions on maritime traffic through the Strait of Hormuz, CMA CGM reiterates that the safety and security of its crew remain its foremost priority.

As a result, CMA CGM continues to take all necessary measures to safeguard its vessels and protect customers' cargo including the following immediate measures:

- All vessels inside Persian Gulf, and bound to Persian Gulf, have been instructed with immediate effect to proceed to shelter.
- Passage through the Suez Canal has been suspended until further notice, and vessels will be rerouted via the Cape of Good Hope.

Customers will be contacted as soon as we have more details of the possible alternative ports where their cargo could be discharged.

This decision is dictated by safety considerations and is made in compliance with our Bill of Lading Terms and Conditions.

First list of vessels impacted can be found hereafter in Annex. CMA CGM will provide further updates on its website as soon as more information becomes available.

We thank you for your understanding and continued support of CMA CGM Group services.

Sincerely,

CMA CGM
